Technologies

TypeScript	**CSS**	**Git**	**PHP**
JavaScript	**SASS**	**NPM**	**Docker**
React	**HTML**	**Webpack**	**Styled Components**

Experience

Front End Developer

Diverse Interactive

July 2019 - Present

Produced an iOS application for **BAE Systems**, consisting of 12 games, aimed at encouraging enthusiasm for STEM in KS1 and KS2. Built on **Cordova**, using **TypeScript**, **React**, **SASS**, and **Webpack**.

Handled the responsibilities of maintenance and enhancement of a base, used to generate internal eLearning courses, an ongoing project for **BAE Systems**.
Initially hired to utilise the base to construct courses, later entrusted with full responsibility over the base. The technologies involved included **TypeScript**, **React**, **SASS**, **Node**, and **Gulp**.

Constructed an interactive, responsive, media-rich application for **GBG**, acting as the sole developer for the project. The technologies used included **TypeScript**, **SASS**, and **Webpack**.
