Technologies

TypeScript	**CSS**	**Git**	**Gatsby**
JavaScript	**SASS**	**NPM**	**Styled Components**
React	**HTML**	**Webpack**	**WordPress**

Experience

Junior Front End Developer

Diverse Interactive

July 2019 - Present

Produced an iOS application for BAE Systems, consisting of 12 games, aimed at encouraging enthusiasm for STEM in KS1 and KS2. Built using TypeScript, React, SASS, and Webpack.

Created a series of internal eLearning courses for BAE Systems. Performed maintainance and added new features to the base components. The technologies involved included TypeScript, React, SASS, and Gulp.

Developed a WordPress eCommerce website for KickTown. Constructed a testing suite for the API supporting the website, application, and venue fixtures. Resolved minor issues with the API itself. All written in PHP.

Education

Front-End Development Certification
freeCodeCamp.org

Music Technology BSc
University of South Wales
